A GFC member proposed a motion to address concerns around Bill 18 – *The Provincial Priorities Act*:

Moved and seconded:

THAT the General Faculties Council expresses its deep concerns about Alberta’s Bill 18 ‘*The Provincial Priorities Act*’ and the threat it poses, including vetting federal research grants, to university autonomy and to the academic freedom of university researchers.

Discussion:

- The GFC member who brought the motion forward gave background information on Bill 18 and raised concerns with the implications of Bill 18 in Alberta and across Canada, should the legislation be passed. Concerns included implications for institutional autonomy, Investment Management Agreements, student impact, and academic freedom of researchers.
- A discussion took place on what type of an impact making a public statement would have on government relations for advocacy groups connected to Mount Royal.
- The GFC Chair and Vice-Chair shared information on discussions they have been a part of with various groups, including the Ministry of Advanced Education, and additional information from

- the Government of Alberta's recent Town Hall on this topic. They stated their commitment to continue to advocate on behalf of the University and its interests.
- Additional concerns with Bill-18 and comments in support of making a public statement through this motion were shared.
 - A member asked if the motion could be amended to include specific reference to equity deserving groups, explaining what the potential impact to these groups could be.
 - An amendment to the main motion was proposed:

Moved and seconded:

THAT the main motion be amended to include the wording "including impacts on equity deserving groups": *THAT the General Faculties Council expresses its deep concerns about Alberta's Bill 18 'The Provincial Priorities' and the threat it poses, including vetting federal research grants, including impacts on equity deserving groups, to university autonomy and to the academic freedom of university researchers.*

Discussion of amendment:

- Discussion focused on whether or not the amended wording helps to strengthen or narrow the intention of the motion.
- Comments were made both in favor of and opposed to the amendment, with various considerations, including:
 - research that has been done on the impact on equity deserving groups
 - if additional examples should also be included of other impacted areas (e.g. climate emergency)

Motion defeated

- In response to a question about next steps, T. Rahilly explained that if this motion is passed, it will be included in the GFC open session minutes that are made available to the public, and it will be shared with the Board.
