---

**PRIORITIZED SUMMARY OF PROJECTED ACTIVITIES AND OUTCOMES**

- Undergraduate Research and Scholarship: work on the Undergraduate Research recognition will continue, including exploring necessary resource options. Potential for inclusion in e-portfolio project.
- Research Policies: the following policy reviews will need to be finalised: the Integrity in Research and Scholarship; and Institutes. This group will review necessary policies, as indicated.
- Research and Scholarship Days: this event will need to be organised and delivered at the end of the Winter 2022 semester.
- Research and Scholarship Recognition Awards: these awards will need to be organised for Winter 2022 (call for nominations, adjudications, and celebration). The process for nomination should also be considered.
- International Research: the draft International Research document will require review by individual Faculties, and a communication and a strategy needs to be developed (for instance, should the resource be hosted with ORSCE).
- Continue to strategize on promoting and supporting Indigenous research. Coordination with AVP Indigenization & Decolonization and the new GFC Committee.
- Initiate the process to develop a new Strategic Research and Scholarship Plan.
- Support the development of a comprehensive system to collect 'good news stories' for research and scholarship.
