2	MDWF 3176*	Midwifery Care: Maternal and Newborn Pathology - Tutorial	

**BOX 11: Fourth Year Fall Semester**

	Course	Title	Prerequisite for:
1	MDWF 4100*	Midwifery Clerkship I - Clinical	MDWF 4150, MDWF 4151
2	MDWF 4101*	Midwifery Clerkship I - Tutorial	

**BOX 12: Fourth Year Winter Semester**

	Course	Title	Prerequisite for:
1	MDWF 4150*	Midwifery Clerkship II - Clinical	Graduation!
2	MDWF 4151*	Midwifery Clerkship II - Tutorial	

**NOTES:**

- This should be used as a guide only. Students are responsible for ensuring that all prerequisite and corequisite requirements are met prior to registering for a course. Refer to the Academic Calendar of your admission year for a complete list of graduation requirements.
- Courses labeled with an "\*" in the same term must be taken together
- GNEC cluster 1-4 are the only courses offered every semester (Fall/Winter/Spring/Summer).
- ALL courses on the first page must be completed prior to beginning your third year Courses
- Students opting out of this registration pattern due to failing, withdrawing from a pre-requisite course or taking time off may delay their program completion. Courses may not be offered every semester and the subsequent course registration will be subject to the availability of seats in the course(s) they require
- Course seats are available through registration on a first come, first serve basis.
