TYPICAL BBA COURSE SELECTION ORDER

GENERAL MANAGEMENT MAJOR/SOCIAL INNOVATION CONCENTRATION

This information is provided to act as a guide for your course selection throughout your degree, and takes into account course levelling and prerequisites. Your order of courses is ultimately determined by prerequisites and course scheduling, and you don’t have to follow this exact timeline.

GENERAL EDUCATION REQUIREMENTS

<table>
<thead>
<tr>
<th>YEAR 1 (Common for ALL majors)</th>

</table>

Please note: Many courses have prerequisites. All students are responsible to ensure that they have the appropriate prerequisites before enrolling in their courses. Please refer to the Mount Royal University Calendar for prerequisite listings. Every effort is made to ensure this document is up-to-date, but in the event of a discrepancy between this degree checklist and the academic calendar, the academic calendar is deemed correct.

FALL 2020 CALENDAR YEAR
Institute for Community Prosperity

The Institute for Community Prosperity connects learning, research and change leadership to build community and strengthen the common good. The Institute emerged from the former Institute for Nonprofit Studies, which served for 13 years as Canada’s only university-based institute focused on research into Canada’s nonprofit sector.

The Institute recognizes that community prosperity requires the contribution of ideas and solutions; and the engagement of many entities. We are excited about those organizations and organized groups of citizens working to address underlying conditions rather than simply addressing symptoms. This includes roles in developing public policy and transforming systems collectively rather than operating in incremental isolation.

The Institute’s commitment is “to ensure that students and citizens have access to learning opportunities and research that will help them lead transformative change in their communities. Three core values inform our work – empathy, creativity and courage. These values translate into three learning themes that define our focus: philanthropy, social innovation and transformative leadership.”

For more information on the Institute, check out www.mtroyal.ca/communityprosperity.

BBA Terminology

The BBA is made up of:

- 16 core courses (that all BBA students must take)
- 10 major courses (dependent on the major/concentration you choose)
- 10 General Education courses (the breadth of your degree)
- 4 elective courses (courses of your choice, but could include BBA minor or Honours coursework, exploratory coursework to help you choose your major, further coursework in your intended field, international exchange courses, and field school opportunities)

What are...

Pre-requisites - courses that must successfully be completed PRIOR to taking a higher-level course (i.e. ACCT 2121 is a pre-requisite for ACCT 3224).

Co-requisites - courses that can be taken concurrently with other coursework (i.e. LSCM 3403 is a pre or co-requisite for MGMT 5333).

Recommended preparation - where having prior coursework in the subject may prove beneficial to students, but is not required for higher-level courses.

Advice from your Advisors

- Consider a balanced approach when picking your courses
  - Take core, major, general education and elective courses each semester.
  - Consider your personal strengths and weaknesses when picking courses to achieve a reasonable course load and workload.
  - Keep in mind your commitments outside of the classroom (work, student clubs, volunteering, etc.) when determining your schedule of courses.
  - Communicate any difficulties that you are having with your professor - the earlier you identify any issues, the earlier you can address them!
  - If you aren’t sure what to major in, use your electives to explore areas of interest - the earlier you do this, the earlier you can declare your major and plan the rest of your degree.
  - The majority of core BBA courses are offered in the Fall, Winter and Spring semesters - but major specific courses may only be offered once per year or only in the Fall and Winter. Consult with your Advisor if you have questions.

Outside the Classroom - Things to Consider

FIRST YEAR

Courses include common first-year introductory business courses and General Education courses

- Explore major/minor/concentration options
- Apply for Co-operative Education
- Attend Career Services workshops
- Attend Student Learning Services workshops
- Take advantage of a free MRU Recreation membership
- Attend Majors/Minors Fair

SECOND YEAR

Coursework expands on foundation business courses and introduces students to specific areas of specialization in the BBA.

- Declare a major/minor/concentration
- Explore BBA Honours program
- Join Bissett and SAMRU clubs
- Meet with your Academic Advisor
- Use mruGradU8 to stay on track
- Sign up for the Student Job Board to secure relevant summer work experience
- Visit the State Innovation Lab and the Trico Changemakers Studio

THIRD YEAR

Courses focus on specific major/minor/concentration requirements and electives

- Explore volunteer opportunities
- Go to workshops, panel discussions and conferences
- Explore mentorship opportunities
- Explore international exchange, field school and summer exchange opportunities
- Apply for BBA Honours program
- Check in with your Academic Advisor to make sure you’re on track

FOURTH YEAR

Courses include capstone business and major specific requirements, requiring students to apply the knowledge they’ve gained at MRU.

- Apply to graduate
- Explore graduate degree and post-graduate opportunities
- Research options for post-graduate designations and continuing education
- Request a critique of your resume with Career Services via email
- Consider various research opportunities, including taking a directed readings course
