Please note: Many courses have prerequisites. All students are responsible to ensure that they have the appropriate prerequisites before enrolling in their courses. Please refer to the Mount Royal University Calendar for prerequisite listings. Every effort is made to ensure this document is up-to-date, but in the event of a discrepancy between this degree checklist and the academic calendar, the academic calendar is deemed correct.

Bissett School of Business

# Institute for Community Prosperity

The Institute for Community Prosperity connects learning, research and change leadership to build community and strengthen the common good. The Institute emerged from the former Institute for Nonprofit Studies, which served for 13 years as Canada's only university-based institute focused on research into Canada's nonprofit sector.

The Institute recognizes that community prosperity requires the contribution of ideas and solutions; and the engagement of many entities. We are excited about those organizations and organized groups of citizens working to address underlying conditions rather than simply addressing symptoms. This includes roles in developing public policy and transforming systems collectively rather than operating in incremental isolation.

The Institute's commitment is "to ensure that students and citizens have access to learning opportunities and research that will help them lead transformative change in their communities. Three core values inform our work – empathy, creativity and courage. These values translate into three learning themes that define our focus: philanthropy, social innovation and transformative leadership."

For more information on the Institute, check out www.mtroyal.ca/communityprosperity.

## **BBA** Terminology

#### The BBA is made up of:

- 16 core courses (that all BBA students must take)
- 10 major courses (dependent on the major/concentration you choose)
- 10 General Education courses (the breadth of your degree)
- 4 elective courses (courses of your choice, but could include BBA minor or Honours coursework, exploratory coursework to help you choose your major, further coursework in your intended field, international exchange courses, and field school opportunities)

#### What are...

**Pre-requisites** - courses that must successfully be completed *PRIOR* to taking a higher-level course (i.e. ACCT 2121 is a pre-requisite for ACCT 3224). **Co-requisites** - courses that can be taken concurrently with other coursework (i.e. LSCM 3403 is a pre or co-requisite for MGMT 5333).

**Recommended preparation** - where having prior coursework in the subject may prove beneficial to students, but is not required for higher-level courses.

# Advice from your Advisors

- Consider a balanced approach when picking your courses
- \* Take core, major, general education and elective courses each semester.
- \* Consider your personal strengths and weaknesses when picking courses to achieve a reasonable courseload and workload.
- \* Keep in mind your commitments outside of the classroom (work, student clubs, volunteering, etc.) when determining your schedule of courses.
- Communicate any difficulties that you are having with your professor the earlier you identify any issues, the earlier you can address them!
- If you aren't sure what to major in, use your electives to explore areas of interest - the earlier you do this, the earlier you can declare your major and plan the rest of your degree.
- The majority of core BBA courses are offered in the Fall, Winter and Spring semesters - but major specific courses may only be offered once per year or only in the Fall and Winter. Consult with your Advisor if you have questions.

#### **Outside the Classroom - Things to Consider FIRST YEAR** SECOND YEAR THIRD YEAR FOURTH YEAR ourses include capstone business and major specific rk expands on foundation business courses ses include common first-year introductory busines Courses focus on specific major/minor/concentration and introduces students to specific areas of requirements, requiring students to apply the courses and General Education courses requirements and electives specialization in the BBA. knowledge they've gained at MRU Explore major/minor/concentration options Declare a major/minor/concentration Explore volunteer opportunities Apply to graduate Apply for Co-operative Education Explore BBA Honours program Go to workshops, panel discussions and Explore graduate degree and post-graduate opportunities conferences Attend Career Services workshops Join Bissett and SAMRU clubs Explore mentorship opportunities Research options for post-graduate Attend Student Learning Services workshops Meet with your Academic Advisor designations and continuing education Explore international exchange, field school Take advantage of a free MRU Recreation Use mruGradU8 to stay on track Request a critique of your resume with Career and summer exchange opportunities membership Sign up for the Student Job Board to secure Services via email Apply for BBA Honours program Attend Maiors/Minors Fair relevant summer work experience Consider various research opportunities, Check in with your Academic Advisor to make Visit the Slate Innovation Lab and the Trico including taking a directed readings course sure you're on track Changemakers Studio
