

MRU 2023 Graduate Studies Fair - Exhibitor List

[Alberta Health Services](#)

Alberta Health Services (AHS) is Canada's first and largest fully integrated provincial healthcare system, serving over 4.4 million Albertans.

Our goal is to build a provincial healthcare system that is high quality, sustainable, and accessible to all.

Whether you provide direct patient care or give support behind-the-scenes, there's a place for you here.

[Ambrose University](#)

Ambrose University has a Bachelor of Education program that is a 2-year after degree. Our class sizes are intimate and designed to foster growth and community. It prepares pre-service teachers to teach in a variety of educational settings and provides the foundations for a successful teaching career. Upon completion, graduates are eligible for a K-12 Alberta teaching credential. Ambrose graduates are welcome across school divisions and over 96% of them get hired right away, many even before they've officially graduated.

[Canadian Academy of Osteopathy](#)

The Canadian Academy of Osteopathy offers a comprehensive four-year osteopathic Type 1 Principled based Education Program. The program is rooted in a classical and principles-based understanding of osteopathic thinking, assessment, and treatment. As a student, you'll be provided with a combination of classroom training in theory, history, anatomy and physiology - alongside supervised clinical training. You'll feel fully supported throughout your education, with access to lifelong career support after graduating.

[Canadian College of Naturopathic Medicine](#)

CCNM has been educating naturopathic doctors for over 45 years.

CCNM, established in 1978 in Toronto, is the largest naturopathic medical education provider and the leading research institution in North America. In 2021, the Boucher Institute of Naturopathic Medicine in British Columbia merged with CCNM to establish the Toronto and Boucher campuses of the new Canadian College of Naturopathic Medicine (CCNM).

At the CCNM - Boucher Campus in New Westminster, B.C., our cohort model of education highlights the value of interpersonal relationships during the learning process. Classmates and instructors alike provide support to create a strong community for each student.

[City University in Canada](#)

City University in Canada is a local, not-for-profit, accredited institution that has offered post-secondary academic programs in Canada since 1984. Students study in cohorts supported by senior faculty, a strong sense of mutual support, and networking opportunities.

Our Master of Counselling Degree is based on the scholar-practitioner-advocacy model, taught by Canadian faculty who are in practice, and also scholars in the field. The program is widely recognized for its excellence in preparing graduates for professional practice and registration.

[Concordia University of Edmonton](#)

We offer excellent top graduate degree programs that are recognized and respected both in Canada and internationally. Concordia University of Edmonton's Graduate Programs provide students with advanced instruction in specialized fields, the ability to conduct advanced research, and to foster the highest ethical and professional standards possible.

[CPA Alberta](#)

Looking for a stable, high-paying career with room for growth and advancement? Look no further than the Chartered Professional Accountant (CPA) designation - one of the most globally recognized and sought-after professional designations.

The CPA Professional Education Program (CPA PEP) is a two-year graduate-level program leading to the Chartered Professional Accountant designation. It is designed to meet the needs of industry, government and public practice and provide professional accountants with the knowledge and skills to succeed in whatever role or position they take on.

[Dalhousie University - Faculty of Management](#)

Dalhousie University's Faculty of Management has a proud history of providing a world-class management education and preparing graduates to make an impact in the world. We are a hub where students, alumni, professionals and community leaders form and grow partnerships and long-term relationships.

We are a community driven by curiosity, exploration and discovery. What inspires us is creating an environment that offers students, business and public sector partners, alumni and other members of our community opportunities to work, learn and develop the skills to facilitate social and economic good.

[Macquarie University - Sydney, Australia](#)

Macquarie University is a large public university in Sydney Australia, ranked in the top 1% of world university rankings. Located in the heart of Sydney's high-technology business precinct, Macquarie University is recognised internationally. It is renowned for its excellence in interdisciplinary teaching and research, real-world approach to learning, highly skilled graduates, and first-class facilities.

Students have the best of all worlds: a large cosmopolitan city experience with incredible beaches, and the ability to retreat back to the 126-hectare parkland campus featuring our own metro station, sport and aquatic centre, and a shopping centre next door. We own and operate our own private hospital on campus, the only institution in Australia to do so.

[Queen's University Belfast](#)

At Queen's University Belfast, we offer postgraduate courses that come with a promise of value: to produce world-class graduates and provide the tools for you to take a leading role in the world economy. We offer a number of programs in Engineering, Physical Sciences, Medicine, Health, Life Sciences, Arts, Humanities and Social Sciences.

Committed to excellence, we provide a world-class education for students from all backgrounds and nationalities. Recognised as one of the leading universities in the world, our aim is to inspire our students to be tomorrow's global citizens through leadership and citizenship. Our students go on to make significant contributions to society, a fact of which we are very proud.

[Queen's University - Faculty of Law](#)

Academic excellence is at the heart of what makes Queen's one of the best law schools in Canada. From our traditional strengths in criminal and family law to our growing recognition as one of Canada's leading corporate and trade law institutions, our faculty are world-class researchers who remain equally committed to innovation and excellence in the classroom.

Our faculty's research output can be seen in our Research Reports, produced biannually, but they only tell part of the story of academic excellence at Queen's Law.

Certificate students benefit from this same pool of experience and expertise online, with courses that focus on academic excellence through the lens of real-world court cases and legislation, as well as the latest tools in online education.

[Ross University School of Medicine / Veterinary Medicine](#)

Ross University School of Medicine & Veterinary Medicine and American University of the Caribbean School of Medicine are three most established Medical/Veterinary Schools in the Caribbean region with a history of academic success and significant contributions to the medical and veterinary community internationally and in Canada. Schools founded in the late 1970's, we offer a 4-Year MD program with curriculum designed to mirror what is being offered at Canada/US allopathic medical schools and a 40-Months DVM program. Ross University School of Medicine has over 15,000+ graduates and AUC has over 7,500+ graduates practicing medicine in all provinces of Canada and all 50 states in the US. Ross University School of Veterinary Medicine has over 6,000+ graduates.

Live and study in a unique, exotic environment that pushes you to see things differently and grow into a skilled, practice- and career-ready medical leader!

[Royal Roads University](#)

Uniquely located at the edge of the Pacific Ocean, in Vancouver Island's historic Hatley Park, Royal Roads University is an extraordinary place of higher learning flexible enough to work with virtually any life schedule. Here, full-time students, working professionals and lifelong learners can fundamentally transform their education without putting their lives or careers on pause.

[Saba University School of Medicine](#)

Saba University School of Medicine is one of the world's leading international medical schools, with nearly a 30-year history of educating outstanding physicians. Our medical program is a 4-year program that is fully accredited by the Accreditation Organization of The Netherlands and Flanders (NVAO).

During the first five semesters, you'll cover the Basic Sciences curriculum. Students transition from learning foundational concepts in the basic and clinical sciences to classes that focus specifically on the organ systems. During the second half of the program, students will focus on their clinical education. This will take place during semesters 6-10, the last semesters before they achieve their degree and enter a residency program.

[Study in UK Inc](#)

SI-UK provides free independent advice and support to Canadian students applying to study in the UK.

Our education consultants are UK university graduates who are fully experienced and trained by trusted university partners and the British Council.

We are more than just education agents, we are here to help guide you through each step of the application process to any university in the UK or Ireland.

[Trinity Western University](#)

[University of Alberta - Faculty of Law](#)

JD - Juris Doctor, LL.M - Master of Laws, PhD - Doctor of Philosophy in Law

[University of Alberta - Faculty of Rehabilitation Medicine](#)

The University of Alberta is home to North America's only free-standing Faculty of Rehabilitation Medicine. We provide academic training in rehabilitation science, physical therapy, occupational therapy and speech-language pathology. Our researchers lead their field in areas such as spinal cord injury, mental health, robotics, language development, and the impacts of COVID-19.

[UBC School of Public Policy & Global Affairs](#)

The University of British Columbia's (UBC) Master of Public Policy and Global Affairs (MPPGA) program equips future policy makers with a profound understanding of policy-making processes through a solid foundation of rigorous knowledge acquisition, policy analysis, career development, and experiential learning.

In our full-time 20-month program, students will benefit from our unique curriculum which fosters creativity, innovation, and collaboration by integrating course-based learning and practical learning experiences.

[University of Calgary - Faculty of Graduate Studies](#)

The UCalgary difference:

Get hands-on learning with real-world applications. We're a research-intensive institution that's focused on finding answers and sharing them to benefit our communities. Whether it's arts, education, science, engineering or medicine, you'll get an opportunity to tackle society's most pressing issues and bring about real change in the world.

[University of Calgary - Faculty of Law](#)

Faculty of Law, Juris Doctor (JD) Program

[University of Calgary - Faculty of Nursing](#)

Join us in a vibrant community of collegiality, learning and scholarship. We applaud inquiry, encourage innovation and promote leadership.

We inspire research and aim to take our students a step above into all areas of advanced nursing practice. Our mission is to shape practice through investigation and participation in emerging health care systems.

As a graduate student at the Faculty of Nursing's Graduate Programs, you can expect to question, explore and stretch all the areas in which you nurse. Our success rests on a strong program combining research, education, scholarship and leadership.

[University of Calgary - Faculty of Veterinary Medicine](#)

The University of Calgary Faculty of Veterinary Medicine (UCVM) is internationally recognized for its innovative curriculum and community-based clinical education model. UCVM is dedicated to meeting animal and public health needs through its education, research and inclusive outreach programs. We offer the Doctor of Veterinary Medicine (DVM) program, supervision leading to graduate degrees (MSc, PhD) in Veterinary Medical Sciences, and advanced clinical training programs (internships, fellowships, and residencies). Exciting opportunities await as our DVM program is expanding its class size from 50 to 100! Our DVM students graduate with the skills and knowledge to perform all procedures common to general veterinary practice - from the family cat and dog to livestock and wildlife. We undertake broad ranges of research across

disciplines with strengths in infectious diseases, animal welfare, livestock health, wildlife health, reproductive and regenerative medicine. UCVM is a leader in utilizing a One Health approach (which recognizes the connection between the health of animals, people and the environment) to develop research collaborations among local and global communities to solve complex problems. UCVM has carved a reputation for itself as a place for innovative veterinary education and cutting-edge basic and applied research, now ranking in the top 50 veterinary programs worldwide.

[University of Calgary - Haskayne School of Business](#)

We offer the Master of Management program which is a graduate business degree for those that do not have business background and have less than 3 years of professional experience. This degree is completed in 10 months where students take 19 courses.

We offer MBA programs with a range of different formats including daytime, evening and accelerated (for student with a business degree). These programs require a minimum of 2 years work experience after graduation. You also have the option to specialize in many different topics, such as: Finance, GEMS, Entrepreneurship and Innovation, etc.

[University of Calgary - School of Architecture, Planning and Landscape](#)

SAPL offers three professional programs: Master of Architecture, Master of Planning, and Master of Landscape Architecture. We also have research-based master's and PhD programs in Environmental Design, and a Doctor of Design.

[University of Lethbridge](#)

One of Canada's top-ranked universities and leading research institutions, the University of Lethbridge School of Graduate Studies offers over 75 innovative, relevant, and unique graduate programs in existing and emerging disciplines that prepare you to transition into your career. Our student-focused environment nurtures innovation, critical thinking and creativity. As a graduate student of the University of Lethbridge, you are viewed as a partner and a colleague; you will gain the confidence you need to succeed in whatever you do.

[University of Saskatchewan](#)

We are one of Canada's top medical/doctoral universities with a broad combination of human, animal, and plant studies all in one campus. As one of Canada's 15 leading research-intensive universities, USask provides a highly collaborative research environment with some of the best facilities and analytical tools in the country.

[University of Toronto - Bloomberg Faculty of Nursing](#)

Accelerated, second-entry Bachelor of Science in Nursing (BScN)

Master of Nursing (MN), Clinical Field and Health Systems Leadership & Administration Field

Master of Nursing, Nurse Practitioner (MN-NP)

Post-Master, Nurse Practitioner (PMNP)

PhD in Nursing (research)

Doctor of Nursing (DN) (practice)

[University of Toronto - Faculty of Information](#)

The Faculty currently offers two Master's degree programs - a Master of Information (MI) and a Master of Museum Studies (MMSt) - as well as a Combined MI/MMSt Degree Program (CDP). It also offers a PhD program and, in 2019, it introduced a second-entry Bachelor of Information (BI) program for students who have already completed their first two years of university study in other areas.

[University of Toronto - Master of Science in Sustainability Management](#)

The MScSM program provides the training for our graduates to act outside the traditional disciplinary black boxes; integrate knowledge from management, social, and natural sciences to address sustainability issues; and make leading contributions and lasting advances in sustainability management.

The program is unique among science and management graduate programs by providing a strong foundation in sustainability management while offering an opportunity to specialize in a management or science concentration.

The program is designed for students from diverse backgrounds such as management science, social science, natural science and engineering. The program was developed in consultation with leaders and future employers in business, non-profit, research, and government organizations.

The MScSM degree is a professional masters' degree (not a thesis research degree) for individuals who want to pursue management careers in sustainability-related divisions and organizations.

[University of Toronto - Master of Urban Innovation](#)

The Master of Urban Innovation (MUI) program is a 20-month professional Masters degree that provides students with world-class education and training to help build dynamic, inclusive cities, and foster innovation-based urban economic development.

Our students learn to think beyond traditional disciplinary boundaries, integrating knowledge from political science, economic geography, planning, public policy, urban economics, and management to solve the most important challenges facing cities today.

[University of Toronto - Rotman School of Management](#)

One of the world's most innovative business schools, Rotman is located in Toronto and is part of the University of Toronto. Whether your aim is to discover the latest in business thinking, accelerate your career or choose a new direction, Rotman is the right place.

This is a place where change happens.

[University of Victoria - Faculty of Law](#)

UVic Law is one of Canada's leading law schools, known for the strength of our academic program, approach to experiential learning and our commitment to community engagement and social justice.

Our school has the largest number of clinical placements per student in the country, strengths across a wide range of disciplines, long-term partnerships with Indigenous communities and a deeply-held ethic of social contribution.

Located on the stunning Pacific Rim, UVic Law is rich with Indigenous and international perspectives. Our small size, collegial atmosphere, student support programs and incredible faculty attract a community of diverse, engaged and passionate students determined to make an impact.

[University of Victoria - Gustavson School of Business](#)

Master of Global Business - Taught across four continents and culminating in a global internship, the UVic Master of Global Business program is a 12-16 month intensive immersion program for recent graduates from diverse backgrounds. Students will join a team of like-minded peers, embark on a journey of self-discovery and see the world while earning their master's degree.

We offer you a new way of seeing the world, using sustainability and innovation to solve the problems of today and tomorrow.

[Windsor University - School of Medicine](#)

Windsor University School of Medicine is a vibrant, innovative University which provides affordable exemplary academic programs, quality services, and student experiences in the field of medicine. The Mission of Windsor University School of Medicine is to provide a nurturing environment and innovative curriculum which will inspire and assist students from diverse backgrounds to become competent, caring, ethical physicians with the ability to think critically. This experience will prepare students to choose wisely their area of training, to successfully continue their education, and subsequently improve the quality of life for individuals and society.
