- Elective #4

Please note: Many courses have prerequisites. All students are responsible to ensure that they have the appropriate prerequisites before enrolling in their courses. Please refer to the Mount Royal University Calendar for prerequisite listings. Every effort is made to ensure this document is up-to-date, but in the event of a discrepancy between this degree checklist and the academic calendar, the academic calendar is deemed correct.

Planning your Supply Chain Management Concentration coursework

The chart above illustrates the courses required to complete the concentration in Supply Chain Management, taking into consideration course prerequisites. **Courses offered through MRU Continuing Education in the Advanced Supply Chain certificate may be an option to those students needing to take courses off pattern. Please contact the Business Advisors for information prior to taking courses online.**

BBA Terminology

The BBA is made up of:

- 16 core courses (that all BBA students must take)
- 10 major courses (dependent on the major/concentration you choose)
- 10 General Education courses (the breadth of your degree)
- 4 elective courses (courses of your choice, but could include BBA Honours coursework, exploratory coursework to help you choose your major, further coursework in your intended field, international exchange courses, and field trip opportunities)

What are...

Pre-requisites - courses that must successfully be completed *PRIOR* to taking a higher-level course (i.e. ACCT 2121 is a pre-requisite for ACCT 3224).

Co-requisites - courses that can be taken concurrently with other coursework (i.e. LSCM 3403 is a pre or co-requisite for MGMT 5333).

Recommended preparation - where having prior coursework in the subject may prove beneficial to students, but is not required for higher-level courses.

Advice from your Advisors

- Consider a balanced approach when picking your courses
 - * Take core, major, general education and elective courses each semester.
 - * Consider your personal strengths and weaknesses when picking courses to achieve a reasonable courseload and workload.
 - * Keep in mind your commitments outside of the classroom (work, student clubs, volunteering, etc.) when determining your schedule of courses.
- Communicate any difficulties that you are having with your professor - the earlier you identify any issues, the earlier you can address them!
- If you aren't sure what to major in, use your electives to explore areas of interest - the earlier you do this, the earlier you can declare your major and plan the rest of your degree.
- The majority of core BBA courses are offered in the Fall, Winter and Spring semesters - but major specific courses may only be offered once per year or only in the Fall and Winter. Consult with your Advisor if you have questions.

Outside the Classroom - Things to Consider

<h3>YEAR 1</h3>	<ul style="list-style-type: none"> • Explore major/concentration/minor options • Apply for Co-operative Education • Attend Career Services and Student Learning Services workshops including PASS • Use mruGradU8 to stay on track • Attend Majors/Minors Fair 	<h3>THROUGHOUT YOUR DEGREE</h3> <ul style="list-style-type: none"> • Join Bissett clubs • Volunteer • Go to workshops, panel discussions and conferences • Meet with your Academic Advisor • Join Recreation • Explore SAMRU
<h3>YEARS 2 and 3</h3>	<ul style="list-style-type: none"> • Declare a major/concentration/minor • Explore the BBA Honours degree • Attend Career Services and Student Learning Services workshops • Explore Co-operative Education and International exchange opportunities • Explore volunteer possibilities and check out on and off-campus events 	
<h3>YEAR 4</h3>	<ul style="list-style-type: none"> • Apply to graduate • Attend Career Services workshops and Career Fair • Explore graduate degree and post-graduate opportunities, including the SCMP • Join groups on LinkedIn, and consider joining professional associations • Make plans for life after MRU
