Planning your Human Resources Major coursework

The chart above illustrates the courses required to complete the major in Human Resources taking into consideration course prerequisites.

BBA Terminology

The BBA is made up of:

- 16 core courses (that all BBA students must take)
- 10 major courses (dependent on the major/concentration you choose)
- 10 General Education courses (the breadth of your degree)
- 4 elective courses (courses of your choice, but could include BBA minor or Honours coursework, exploratory coursework to help you choose your major, further coursework in your intended field, international exchange courses, and field school opportuni-

What are..

Pre-requisites - courses that must successfully be completed PRIOR to taking a higher-level course (i.e. ACCT 2121 is a pre-requisite for

Co-requisites - courses that can be taken concurrently with other coursework (i.e. LSCM 3403 is a pre or co-requisite for MGMT 5333). **Recommended preparation** - where having prior coursework in the subject may prove beneficial to students, but is not required for high-

Advice from your Advisors

- Consider a balanced approach when picking your courses
 - Take core, major, general education and elective courses each
 - Consider your personal strengths and weaknesses when picking courses to achieve a reasonable courseload and workload.
 - Keep in mind your commitments outside of the classroom (work, student clubs, volunteering, etc.) when determining your schedule of
- Communicate any difficulties that you are having with your professor the earlier you identify any issues, the earlier you can address them!
- If you aren't sure what to major in, use your electives to explore areas of interest - the earlier you do this, the earlier you can declare your major and plan the rest of your degree.
- The majority of core BBA courses are offered in the Fall, Winter and Spring semesters - but major specific courses may only be offered once per year or only in the Fall and Winter. Consult with your Advisor if you have questions.
