General Education: GNEDE requirements are designed to give you a well-rounded knowledge base and are organized into 4 thematic clusters. Each Cluster has 3 levels; tier 1 (foundation), tier 2 and tier 3.

Cluster 1: Numeracy & Scientific Literacy
Cluster 2: Values, beliefs & Identity
Cluster 3: Community & Society
Cluster 4: Communication

Students must take a foundation level and tier 2 course from each of the four clusters and four tier 3 GNEDEs from at least two Clusters.

Visit mtroyal.ca/gened/courses for more information and a list of GNEDE courses.

Junior courses: are courses at the 1000 level. Students are allowed a maximum of 16 junior courses for graduation purposes.

Electives: an elective is any 3 credit course. It is advised that students in this major select senior level electives wherever possible to avoid exceeding the 16 junior course limit.

Approved Options: It is advised that these courses be taken in the fourth year of study. Choose **two** courses from the list below, subject to availability.

BCEM 4212 – Biochemical Pharmacology ^F

BIOL 3103 – Introduction to Biophysics ^W

BIOL 3105 – Microbiology II ^F

BIOL 3107 – Evolution in Health and Disease ^W
(Formerly BIOL 4204)

BIOL 4209 – Neuroscience ^W

BIOL 4211 – Applied Human Physiology ^F

BIOL 5201 – Independent Projects I ^{FW}

Prerequisites & Course descriptions: can be found in the Academic Calendar or by visiting: mtroyal.ca/ProgramsCourses/CourseListings

Advising Plan: This is a suggested sequence for taking the required courses for your major. This plan factors in prerequisite requirements and will allow you to complete your degree in four years provided you complete five courses per semester and attain the necessary required grade (C-) in your prerequisites. To be considered full time, a student must be enrolled in a minimum of three, three-credit courses. Please make note that core third and fourth year courses are offered only *once per year* and should be noted if a reduced course load is being considered.

“F” Indicates that the course is offered in Fall semester only.

“W” Indicates that the course is offered in Winter semester only.

“FW” Indicates that the course is offered in both Fall and Winter semester.

“S” – indicates Spring term. Students should check the Spring course listings in March when the schedule of classes is released to determine what offerings *may be* available for Spring. (Spring term is 6.5 weeks in duration and is considered an optional term)
